

Please DO NOT change the no call laws in WI. If I want to obtain a service or product from a company, I will contact them myself. There is no need for someone to call my home to solicit. I have very little time at home with my family in the evenings and it doesn't need to be interrupted with unwanted phone calls. They call after 9pm sometimes. That is terrible! With that, I am requesting that the DO NOT CALL LAW not be changed in WI. I have been very happy with it so far! Thank you.
